The background is a solid dark blue. It is decorated with several thin, light blue lines that form a network of paths. These paths include straight segments and 90-degree turns. Small geometric shapes are placed at various points along these lines: a teal square, a light blue circle, and several light blue diamonds. The overall aesthetic is clean, modern, and technical.

Report on Operations

REPORT ON OPERATIONS

INTRODUCTION

This Consolidated Half-Year Financial Report at June 30, 2026 was prepared in accordance with Article 154-ter of the TUF (Consolidated Law on Finance) and was drawn up in compliance with the International Accounting Standards (IAS/IFRS) adopted by the European Union.

The amounts shown in the tables of the Report on Operations are expressed in Euro thousands, while the explanatory notes are expressed in Euro millions.

GROUP PROFILE

Datalogic S.p.A. and its subsidiaries ("Group" or "Datalogic Group") is a global technological leader in the automatic data capture and process automation markets. The Group is specialised in the design and production of barcode readers, mobile computers, detection, measurement and safety sensors, vision and laser marking systems and RFID. Its pioneering solutions help increase the efficiency and quality of processes along the entire value chain in the Retail, Manufacturing, Transportation & Logistics and Healthcare segments.

ALTERNATIVE PERFORMANCE MEASURES (NON-GAAP MEASURES)

Management uses certain performance measures, not identified as accounting measures under IFRS (NON-GAAP measures), to provide a clearer picture of the Group's performance. The measurement criterion applied by the Group might not be the same as the one adopted by other Groups and the measures might not be comparable with theirs. These performance measures, determined according to provisions set out by the Guidelines on performance measures, issued by ESMA/2015/1415 and adopted by CONSOB with Communication no. 92543 of December 3, 2015, refer only to the performance of the period related to this Consolidated Half-Year Financial Report and the comparison periods. The performance measures must be considered as supplementary and do not supersede the information provided under the IFRS standards. The main measures adopted are described below.

- **Special Items (or Non-Recurring Costs):** income items arising from non-recurring events or transactions, restructuring activities, business reorganisation, write-downs of fixed assets, ancillary expense from acquisitions of businesses or companies or their disposals, including amortisation resulting from the recognition of purchase price allocation, and any other event deemed by Management not to represent current business activity.
- **EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortisation):** profit/(loss) for the period from continuing operations before depreciation and amortisation of tangible and intangible fixed assets and rights of use, financials (including foreign exchange income and expense) and income tax.
- **Adjusted EBITDA:** profit/(loss) for the period from continuing operations before depreciation and amortisation of tangible and intangible fixed assets and rights of use, financials (including foreign exchange income and expense), income tax and Special Items, as defined above.
- **EBIT (Earnings Before Interest, Taxes) or Operating Result:** profit/(loss) for the period from continuing operations before financials (including foreign exchange income and expense) and income tax.
- **Adjusted EBIT or Operating Result:** profit/(loss) for the period from continuing operations before financials (including foreign exchange income and expense), income tax and Special Items, as defined above.
- **Net Trade Working Capital:** the sum of Inventory and Trade Receivables, less Trade Payables.

- **Net Working Capital:** the sum of Net Trade Working Capital and Other Current Assets and Liabilities including Provisions for Current Risks and Charges.
- **Net Invested Capital:** the total of Current and Non-Current Assets, excluding financial assets, less Current and Non-Current Liabilities, excluding financial liabilities.
- **NFP (Net Financial Position or Net Financial Debt):** calculated in accordance with the provisions of “Warning Notice no. 5/21” of April 29, 2021 issued by CONSOB and referring to ESMA guideline 32-382-1138 of March 4, 2021.
- **Cash Flow from Operations:** the sum of Adjusted EBITDA, changes in Net Trade Working Capital, expenditure in tangible and intangible fixed assets (excluding fixed assets under right of use recognised during the period according to IFRS 16), tax paid, financial expense/income, changes in Other Current Assets and Liabilities, and Special Items, as defined above, while excluding any other changes related to equity (such as dividend distributions and/or the purchase of treasury shares), to transactions of an extraordinary nature, the repayment and/or taking out of bank loans and/or other financial items in the NFP, and any other transaction that cannot be directly attributed to the company's business operations.

PERIOD HIGHLIGHTS

To provide a better presentation of the Group's operating results, starting from this Consolidated Half-Year Financial Report at June 30, 2026, revenue from the sale of Scan Engines to ODMs (Original Design Manufacturers), which assemble these Scan Engines into finished products that they subsequently sell to Group companies, is recognised as a reduction in Cost of goods sold rather than as Revenue. This reclassification has no effect on either operating profit or on operating results, which remain unchanged in absolute terms. The comparative figures for the prior year were restated in line with the new classification.

The following table summarises the Datalogic Group's key income and financial results at June 30, 2026 versus the same period of the prior year.

	30.06.2026	% on Revenue	30.06.2025 Restated	% on Revenue	Change	% chg.	% chg. net FX

Net financial position (NFP)	(25,840)		(18,260)		(7,580)		

The Group closed the first half with **Revenue** from sales of €248.4 million, up 3.7% current FX and 6.2% net FX versus the first half of the prior year.

Sales from new products (*Vitality Index*) in first half 2026 represented 21.3% of revenue (23.5% in first half 2025).

Adjusted EBITDA came to €16.7 million, down from €20.8 million in the same period of the prior year, accounting for 6.7% of sales (8.7% in first half 2025).

Adjusted EBIT came to €0.6 million (€4.7 million in first half 2025).

The **net loss** for the period amounted to €3.3 million versus a net loss of €0.8 million in first half 2025.

Net Financial Debt at June 30, 2026 stood at €25.8 million, increasing by €11.0 million versus December 31, 2025 and by €7.6 million versus June 30, 2025.

REVENUE PERFORMANCE

The breakdown by geographical area of Group revenue for the period, versus the same period of the prior year, is shown in the table below:

	30.06.2026	%	30.06.2025 Restated	%	Change	% chg.	% chg. net FX
Italy	25,045	10.1%	23,275	9.7%	1,770	7.6%	7.6%
EMEI (excluding Italy)	131,197	52.8%	120,468	50.3%	10,729	8.9%	9.5%
Total EMEI	156,242	62.9%	143,743	60.0%	12,499	8.7%	9.2%
Americas	63,864	25.7%	72,789	30.4%	(8,925)	-12.3%	-6.3%
APAC	28,331	11.4%	23,088	9.6%	5,243	22.7%	26.0%
Total revenue	248,436	100.0%	239,620	100.0%	8,816	3.7%	6.2%

EMEI increased by 8.7% in the first half, with Italy up 7.6%; **Americas** declined by 12.3%, while **APAC** recorded strong growth (+22.7%, +26.0% net FX) versus the same period of the prior year.

To better align with its strategic goals and prioritise product and solution offerings, the Group identifies two Market Segments, which feature distinct sales models, customers with varying purchasing needs, and different stakeholders: Data Capture and Industrial Automation.

The following is a breakdown of Group revenue split up by these market segments:

	30.06.2026	%	30.06.2025 Restated	%	Change	% chg.	% chg. net FX
Data Capture	164,169	66.1%	159,938	66.7%	4,232	2.6%	5.5%
Industrial Automation	84,267	33.9%	79,682	33.3%	4,585	5.8%	7.2%
Total revenue	248,436	100.0%	239,620	100.0%	8,816	3.7%	6.2%

▪ Data Capture

The **Data Capture** segment increased by 2.6% versus the same period of the prior year, driven by strong growth in APAC and EMEAI, partly offset by a decline in Americas.

▪ Industrial Automation

The **Industrial Automation** segment increased by 5.8% versus the same period of the prior year, driven particularly by Logistic Automation applications. Performance across the various geographies was similar to that of the Data Capture segment, with growth in EMEAI and APAC partly offset by a decline in Americas.

The **Gross Operating Margin**, amounting to €107.7 million, increased by €4.3 million versus €103.4 million in first half 2025. Its share of sales increased slightly to 43.4% versus 43.2% in the comparison period, due mainly to the positive

effect of higher volumes and the refund of US import tariffs, partly offset by an adverse mix and higher costs for certain electronic product components.

Operating costs and other expense, at €107.1 million (€98.8 million at June 30, 2025), increased by €8.3 million in absolute terms and by 1.9 percentage points as a proportion of sales.

Research and Development expense, amounting to €37.6 million, increased by 13.9%. Total monetary costs in R&D, i.e., before capitalisation and net of amortisation and depreciation (R&D Cash Out), amounted to €33.8 million (€32.8 million in the first half of the prior year), with a percentage of sales of 13.6% (13.7% in the same period of 2025).

Distribution expense amounted to €48.4 million, up 9.5% versus the same period of 2025, and accounted for 19.5% of revenue (18.4% in the first half of the prior year).

Administrative and General Expense, equal to €21.0 million, decreased by 3.3% versus the same period of 2025; as a percentage of sales, it declined to 8.5% versus 9.1% in first half 2025.

Net financials came to negative €1.2 million (positive €1.6 million in first half 2025).

Net financial position (NFP)	(25,840)	(14,854)	(10,986)	74.0%

Net Invested Capital, equal to €420.2 million (€410.6 million at December 31, 2025), increased by €9.7 million, attributable mainly to the increase in Net Trade Working Capital, detailed below.

Fixed Assets amounted to €436.5 million (€428.8 million at December 31, 2025), increasing by €7.7 million, attributable mainly to expenditure in tangible fixed assets made during the period and the positive change in Goodwill due to the depreciation of the Euro against the US dollar.

Net Trade Working Capital amounted to €73.9 million, up €12.0 million versus December 31, 2025, due to the increase in inventory, partly offset by the decrease in trade receivables and the increase in trade payables; as a percentage of sales, it increased from 12.5% at December 31, 2025 to 14.6%.

The **Net Financial Position** stood at negative €25.8 million (negative €14.9 million at December 31, 2025) as shown below:

At June 30, 2026, the Group had outstanding financial credit lines of approximately €301.0 million, of which approximately €208.0 million committed. Undrawn and readily available financial lines amounted to €193 million.

Indirect and conditional debt at June 30, 2026 is represented exclusively by the Group's provision for post-employment benefits of €4.9 million.

SIGNIFICANT EVENTS IN THE PERIOD

On May 29, 2026, Hydra Investimenti S.p.A., a company wholly owned by Hydra S.p.A., Datalogic S.p.A.'s majority shareholder, launched a voluntary full public tender offer for Datalogic ordinary shares. At its meeting on June 26, 2026, the Company's Board of Directors approved the press release (the "Issuer's Press Release"), prepared pursuant to Article 103, paragraph 3, of Legislative Decree No. 58 of February 24, 1998, as subsequently amended and supplemented (the "TUF"), and Article 39 of the Regulation adopted by CONSOB Resolution No. 11971 of May 14, 1999, as subsequently amended and supplemented (the "Issuer Regulation"). Among other matters, the Issuer's Press Release contains the Board of Directors' reasoned assessment of the Offer and the fairness of the related consideration.

For the purposes of approving the Issuer's Press Release, the Board of Directors considered, among other matters: (i) the opinion issued by the Company's independent Directors on June 26, 2026 pursuant to Article 39-bis of the Issuer Regulation (the "Opinion of the Independent Directors"); (ii) the fairness opinion on the financial fairness of the consideration offered by the Offeror under the Offer, issued by Nomura Financial Products Europe GmbH, Italian Branch, as independent expert appointed by the Company's independent directors; and (iii) the fairness opinion on the financial fairness of the consideration offered by the Offeror under the Offer, issued by Equita SIM S.p.A., as independent expert appointed by the Board of Directors.

The Company's Board of Directors therefore resolved that the consideration provided for under the Offer was fair from a financial standpoint.

EVENTS AFTER THE END OF THE PERIOD

On July 21, the Offeror, Hydra Investimenti S.p.A., announced that, based on the final results, at the Payment Date the Offeror, together with the Persons Acting in Concert, would hold a total of 55,847,355 Shares, representing 95.55% of Datalogic's share capital, in the absence of any further purchases of Shares that the Offeror reserves the right to make.

In light of the final results of the Offer, the legal conditions have been met for the exercise of the Squeeze-Out Right, which the Offeror stated in the Offer Document that it intended to exercise, and for fulfilment of the Purchase Obligation pursuant to Article 108, paragraph 1, of the TUF in relation to the remaining 2,599,136 Shares, equal to 4.45% of the Issuer's share capital, or the lower number of Issuer Shares resulting from purchases that may be made by the Offeror up to the Delisting Date (the "Remaining Shares"). The Offeror will exercise the Squeeze-Out Right pursuant to Article 111 of the TUF and, at the same time, fulfil the Purchase Obligation pursuant to Article 108, paragraph 1, of the TUF in respect of the Shareholders who have requested it, thereby implementing a single procedure, the terms and conditions of which will be agreed with CONSOB and Borsa Italiana pursuant to the Issuer Regulation (the "Joint Procedure"), covering all the Remaining Shares.

BUSINESS OUTLOOK

Despite a complex and highly uncertain geopolitical and market environment, demand across the Group's end markets continues to trend upward. The positive sales and order intake trend supports the forecast for revenue growth this year, while the ability to maintain profit margins in line with the prior year will depend largely on whether the measures taken to restore profitability can offset rising material and logistics costs, which remain subject to significant inflationary pressure.

Explanatory Notes

EXPLANATORY NOTES TO THE CONSOLIDATED STATEMENTS

OVERVIEW

Datalogic is a global technological leader in the automatic data capture and process automation markets. The Company is specialised in the design and production of barcode readers, mobile computers, detection, measurement and safety sensors, vision and laser marking systems and RFID.

Its pioneering solutions help increase efficiency and quality of processes in the areas of Retail, Manufacturing, Transportation & Logistics, and Healthcare, along the entire value chain.

Datalogic S.p.A. (hereinafter "Datalogic", the "Parent Company" or the "Company") is a joint-stock company listed on Euronext STAR Milan of Borsa Italiana S.p.A. and is headquartered in Italy. The registered office is in Via Candini 2, Lippo di Calderara (BO).

This Consolidated Half-Year Financial Report at June 30, 2026 includes the figures of the Parent Company and its subsidiaries (defined hereinafter as "Group") and the relevant shares in associates.

The publication of this Consolidated Half-Year Financial Report at June 30, 2026 of the Datalogic Group was authorised by resolution of the Board of Directors dated August 4, 2026.

BASIS OF PRESENTATION

1) General criteria

This Consolidated Half-Year Financial Report was prepared pursuant to Article 154-ter of Legislative Decree no. 58 of February 24, 1998 (TUF) as subsequently amended and supplemented, as well as to the CONSOB Issuer Regulation. The criteria for the preparation of the Statement are in accordance with the requirements of IAS 34 "Interim Financial Reporting", providing the summary information notes required by the above standard, supplemented if the case to provide a greater level of information where deemed necessary.

This Consolidated Half-Year Financial Report should therefore be read in conjunction with the Consolidated Annual Financial Report at December 31, 2025, prepared in accordance with IFRS accounting standards adopted by the European Union, approved by the Board of Directors on March 19, 2026, and available in the Investor Relations section of the Group's website (www.datalogic.com).

2) Reporting formats

The reporting formats adopted are compliant with those required by IAS 1 and were used in the Consolidated Annual Financial Report for the year ended December 31, 2025, in particular:

- current and non-current assets, as well as current and non-current liabilities are shown separately in the Statement of Financial Position. Current assets, which include cash and cash equivalents, are those intended to be realised, sold or consumed in the Group's normal operating cycle; current liabilities are those expected to be settled in the Group's normal operating cycle or in the twelve months following the end of the period;
- with regard to the Income Statement, cost and revenue items are shown based on grouping by function, as this classification was deemed more explanatory for understanding the Group's results of operations;

- the Statement of Comprehensive Income shows the items that determine profit/(loss) for the period, considering income and expense recognised directly in equity;
- the Statement of Cash Flows is presented using the "indirect method".

This Consolidated Half-Year Financial Report is drawn up in Euro thousands, which is the Group's "functional" and "presentation" currency as envisaged by IAS 21.

3) IFRS accounting standards, amendments and interpretations applied by the Group as from January 1, 2026

The following IFRS accounting standards, amendments and interpretations were applied by the Group for the first time as of January 1, 2026:

- On May 30, 2024, the IASB published "Amendments to the Classification and Measurement of Financial Instruments - Amendments to IFRS 9 and IFRS 7". The document addresses several issues identified in the post-implementation review of IFRS 9, particularly concerning the accounting treatment of financial assets with returns that fluctuate based on the achievement of ESG targets, such as green bonds. Specifically, the amendments aim to:
 - Clarify the classification of financial assets with variable returns and tied to environmental, social and corporate governance (ESG) targets and the criteria to be used for the SPPI test assessment;
 - determine that the date of settlement of liabilities through electronic payment systems is the date on which the liability is settled. However, an entity is permitted to adopt an accounting policy to allow a financial liability to be derecognised before delivering cash on the settlement date under certain specific conditions. The Group adopted this option.

With these amendments, the IASB has also introduced additional disclosure requirements for investments in equity instruments designated to FVOCI in particular.

The adoption of this amendment had no effects on the Group's consolidated financial statements.

- On December 18, 2024, the IASB published the amendment "Contracts Referencing Nature-dependent Electricity - Amendment to IFRS 9 and IFRS 7". The document aims to support entities in reporting the financial effects of renewable electricity purchase agreements (often structured as Power Purchase Agreements). Based on these contracts, the amount of electricity generated and purchased can vary based on uncontrollable factors such as weather conditions. The IASB has made targeted amendments to IFRS 9 and IFRS 7. The amendments include:
 - a clarification regarding the application of "own use" requirements to this type of contract;
 - the criteria for allowing such contracts to be accounted for as hedging instruments; and,
 - new disclosure requirements to allow financial statement users to understand the effect of these contracts on an entity's financial performance and cash flows.

The adoption of this amendment had no effects on the Group's consolidated financial statements.

- On July 18, 2024, the IASB published "Annual Improvements Volume 11". The document includes clarifications, simplifications, corrections and changes aimed at improving the consistency of several IFRS Accounting Standards. The amended standards are:
 - IFRS 1 First-time Adoption of International Financial Reporting Standards;
 - IFRS 7 Financial Instruments: Disclosures and related guidance on the implementation of IFRS 7;
 - IFRS 9 Financial Instruments;
 - IFRS 10 Consolidated Financial Statements; and

- IAS 7 Statement of Cash Flows.

The adoption of this amendment had no effects on the Group's consolidated financial statements.

4) IFRS accounting standards, amendments and interpretations endorsed by the European Union, not yet mandatorily applicable and not early adopted by the Group at June 30, 2026

At the date of this document, the competent bodies of the European Union have completed the endorsement process required for the adoption of the amendments and the standards described below, but these standards are not applicable on a compulsory basis and have not been adopted in advance by the Group at June 30, 2026:

- On April 9, 2024, the IASB published a new standard IFRS 18 Presentation and Disclosure in Financial Statements, which will supersede IAS 1 Presentation of Financial Statements. The new standard aims to improve the presentation of reporting formats, with particular reference to the income statement format. Specifically, the new standard requires the following:
 - to classify revenue and expense into three new categories (operating section, investment section, and financial section), in addition to the tax and discontinued operations categories already in the income statement;
 - To present two new sub-totals, operating profit/loss and profit/loss before interest and tax (i.e. EBIT).

The new standard also:

- requires more information on performance measures defined by management;
- introduces new criteria for information aggregation and disaggregation; and,
- introduces a number of changes to the format of the statement of cash flows, including a requirement to use operating profit/loss as the starting point for the presentation of the statement of cash flows prepared under the indirect method and the elimination of certain classification options for certain items that currently exist (such as interest paid, interest received, dividends paid and dividends received).

The new standard will take effect on January 1, 2027, but early application is permitted. The Directors are currently assessing the possible effects of the introduction of this new standard on the Group's consolidated financial statements.

5) IFRS accounting standards, amendments and interpretations not yet endorsed by the European Union

At the date of this document, the competent bodies of the European Union have not yet completed the endorsement process required for the adoption of the amendments and the standards described below.

- On November 13, 2025, the IASB published a document entitled "*Translation to a Hyperinflationary Presentation Currency - Amendment to IAS 21*", which clarifies the translation procedures for an entity whose presentation currency is that of a hyperinflationary economy. The entity applies the amendments if:
 - its functional currency is that of a non-hyperinflationary economy and it translates its operating results and financial position into the currency of a hyperinflationary economy; or,
 - converts into the currency of a hyperinflationary economy the operating results and financial position of a foreign operation whose functional currency is that of a non-hyperinflationary economy.

The amendments will apply from the financial statements of financial years beginning on or after January 1, 2027. The Directors do not expect any effect on the Group's consolidated financial statements from the adoption of this amendment.

- On May 27, 2026, the IASB published *IFRS 20 - Regulatory Assets and Regulatory Liabilities*. The new standard applies to all entities subject to a specific type of rate regulation, namely rate regulation that gives rise to timing differences.

The aim of the new standard is to require an entity to provide relevant information that reflects the impact of income and expense arising from regulated activities on the entity's profit or loss, as well as the impact of assets and liabilities arising from regulated activities on its statement of financial position. To achieve this, the new standard sets out the requirements for the recognition, measurement, presentation and disclosure of assets, liabilities, income and expense arising from regulated activities. Assets and liabilities arising from regulated activities constitute a subset of the rights and obligations created by a regulatory arrangement. Information regarding this subset of rights and obligations enables users of the financial statements to understand:

- a) the income and expense arising from an entity's regulated activities, which result from assets and liabilities arising from regulated activities. This understanding, together with the information required by other IFRS accounting standards, will provide information on the total allowed compensation for regulated goods or services supplied by the entity in a reporting period and, consequently, on the entity's financial performance and prospects for future cash flows.
- b) the assets and liabilities arising from an entity's regulated activities. This understanding will provide information on the entity's financial position at the end of a reporting period and on the amount, timing and uncertainty of its future cash flows.

IFRS 20 will replace IFRS 14 - *Regulatory Deferral Accounts*, and will be effective as of January 1, 2029, but early application is permitted.

The Directors do not expect a material effect on the Group's consolidated financial statements from the adoption of this standard.

- On June 27, 2026, the IASB published a document entitled "*Amendments to the Fair Value Option for Investments in Associates and Joint Ventures (Amendments to IAS 28)*", which clarifies which entities are eligible to measure investments in associates and joint ventures using the fair value option under IAS 28. The IASB decided to develop amendments to address:
 - the lack of clarity regarding the meaning of "similar entities, including investment-linked insurance funds" and whether this definition should be interpreted narrowly or broadly; and,
 - the differing interpretations of the relationship between the scope of the fair value option under IAS 28 and the IFRS 18 requirements relating to "specified main business activities".

The amendments will apply at the same time as IFRS 18 and therefore to financial years beginning on or after January 1, 2027. The Directors do not expect a material effect on the Group's consolidated financial statements from the adoption of these amendments.

6) Use of estimates and assumptions

The preparation of the Consolidated Half-Year Financial Report requires the Directors to apply accounting standards and methods that, in certain cases, are based on valuations and estimates based on historical experience and assumptions that are evaluated from time to time according to the specific cases. The application of these estimates and assumptions affects the amounts of revenue, expense, assets and liabilities and their disclosure, as well as the disclosure of contingent liabilities. The results of financial statement items for which the above estimates and

assumptions were used may differ from those shown owing to the uncertainty surrounding the assumptions and conditions on which the estimates are based.

7) Consolidation scope

This Consolidated Half-Year Financial Report at June 30, 2026 includes the income statement and balance sheet data of Datalogic S.p.A. and all the companies that it directly or indirectly controls.

The list of investments included in the consolidation area appears in Annex 2 of the Explanatory Notes, with an indication of the methodology used.

8) Translation criteria of foreign currency financial statements

The exchange rates used to determine the value in Euro of financial statements denominated in foreign currency of subsidiaries (currency for 1 Euro) are shown hereunder:

SEGMENT DISCLOSURE

An operating segment is a component of an entity that undertakes revenue-generating business activities and costs, the operational results of which are reviewed periodically at the highest level of operational decision-making for the purpose of making decisions about resources to be allocated to the sector and evaluating results. A geographical segment pertains to a set of activities that offers products or services within a specific economic environment, which is subject to distinct risks and returns compared to segments operating in other economic environments. It should be noted

that at the date of this Consolidated Half-Year Financial Report, no operating segments have been identified as meeting all IFRS 8 requirements for separate disclosure.

In accordance with IFRS 8, information on geographical segments is shown below. Specifically:

- revenue from external customers allocated to geographical areas based on the Group company recognised for the sale;
- non-current assets other than financial instruments and deferred tax assets broken down using the same approach used for revenue.

Goodwill

“Goodwill” amounted to €188,547 thousand. The increase of €4,947 thousand was due to fluctuations in the US dollar/Euro exchange rate.

The estimated recoverable value of the Cash Generating Unit (CGU) Datalogic Business, which represents the net invested capital of the entire Group and, therefore, associated with the Group's goodwill being evaluated, is represented by the corresponding value in use, calculated by discounting at a rate equal to the weighted average cost of debt and equity (Weighted Average Cost of Capital or "WACC") the future operating cash flows expected to be generated by the CGU using the Discounted Cash Flow method.

At the date of this Report, the Directors considered the assumptions underlying the impairment test performed for the above CGU at December 31, 2025, and the related long-term plan, to remain valid and therefore did not prepare a new business plan or perform a new impairment test. In making this assessment, the Directors took account of the actual results at June 30, 2026 and expected for the full year 2026, which are basically in line with the amounts considered for the purpose of the impairment test prepared when preparing the consolidated financial statements at December 31,

2025. In making the above assessments, the Directors also considered the current uncertain macroeconomic scenario based on the information available at the time these notes were prepared.

Accordingly, as already noted in the financial statement notes at December 31, 2025, the Directors did not identify any indicators of impairment regarding the goodwill recorded.

Development costs, Other intangible fixed assets and Fixed assets under construction and advances

"Development costs", amounting to €46,414 thousand at June 30, 2026 (€41,951 thousand at December 31, 2025), consists of product development projects. The positive change comes mainly from project capitalisation, partly offset by amortisation for the period.

"Other", amounting to €23,149 thousand, consists primarily of intangible assets acquired through business combinations carried out by the Group, and software licences as detailed below:

	30.06.2026	31.12.2025	Change
Patents and licenses	126	231	(105)
Know-how	10,400	11,562	(1,163)

Software	3,929	4,591	(662)
Total	23,149	25,528	(2,380)

"Fixed assets under construction and advances", amounting to €5,303 thousand (€12,636 thousand at December 31, 2025), is attributable mainly to the capitalisation of costs for product development projects currently under way.

Note 3. Rights of use fixed assets

Net positive changes for €1,043 thousand and depreciation for €1,500 thousand were recognised during the period. The breakdown of the item at June 30, 2026 and at December 31, 2025 is shown below.

	30.06.2026	31.12.2025	Change

The fair value of financial assets and financial liabilities is determined according to methods classifiable in the various levels of the fair value hierarchy as envisaged by IFRS 13. Specifically, the Group uses internal valuation models generally used in financial practice, based on prices provided by market participants or quotations recorded on active markets.

Fair value - hierarchy

All the financial instruments measured at fair value are classified in the three categories shown below:

Level 1: market prices;

Level 2: valuation techniques (based on observable market data);

Level 3: valuation techniques (not based on observable market data).

Assets measured at fair value	Level 1	Level 2	Level 3	30.06.2026

Revenue classified by type is shown in the following table:

	30.06.2026	30.06.2025 Restated	Change
Revenue from sale of products	229,898	219,704	10,195
Revenue from services	16,247	17,461	(1,214)
Revenue from software	2,291	2,455	(164)
Total revenue	248,436	239,620	8,816

The Group's revenue, classified by recognition method, is broken down as follows:

Revenue broken down by recognition method	30.06.2026	30.06.2025 Restated	Change
Revenue from sale of goods and services - point in time	206,998	203,617	3,382
Revenue from sale of goods and services - over time	41,438	36,003	5,435
Total	248,436	239,620	8,816

The Group recognises revenue for the sale of goods and services at a specific point in time when control of the assets has been transferred to the customer, usually at the same time as the delivery of the good or provision of the service. Instead, revenue recognition takes place over time, based on the status of performance of contractual obligations, when the performance does not create an asset that has an alternative use for the Group and the Group has the collectible right to payment for the completed performance up to the date considered.

Note 20. Earnings/loss per share

As required by IAS 33, information on data used to calculate the earning/loss per share is provided below. Basic EPS is calculated by dividing the result for the period, profit and/or loss, attributable to Shareholders of the Parent Company by the weighted average number of shares outstanding during the reporting period. For the purpose of calculating diluted EPS, the weighted average number of shares outstanding is adjusted by assuming the conversion of all potential shares with dilutive effects (such as the share-based incentive plan), while the Group's net result is adjusted for the after-tax effects of conversion.

Earnings/loss per share

	30.06.2026	30.06.2025
Profit/(Loss) for the period attributable to the Shareholders of the Parent Company	(3,363)	(661)
Average number of shares (thousands)	53,362	53,646
Basic earnings/(loss) per share	(0.06)	(0.01)
Profit/(Loss) for the period attributable to the Shareholders of the Parent Company	(3,363)	(661)
Average number of shares (thousands) - Diluted effect	53,784	54,105
Diluted earnings/(loss) per share	(0.06)	(0.01)

TRANSACTIONS WITH SUBSIDIARIES THAT ARE NOT CONSOLIDATED LINE BY LINE, ASSOCIATES AND RELATED PARTIES

For the definition of "Related Parties", reference is made not only to IAS 24, but also to the Procedure for Related-Party Transactions approved by the Board of Directors on November 4, 2010 (last amended on June 23, 2021) available on the Company website www.datalogic.com. The parent company of Datalogic Group is Hydra S.p.A..

Intercompany transactions are carried out as part of the ordinary operations and at normal market conditions. Additionally, there are related-party transactions carried out again in the ordinary course of business and at normal market conditions, of an immaterial amount pursuant to and in accordance with the "RPT Procedure", attributable mainly to Hydra S.p.A. or to entities subject (with Datalogic S.p.A.) to common control or to persons exercising administrative and management functions at Datalogic S.p.A. (including entities controlled by them and close family members).

Related-party transactions refer mainly to trade and property transactions (instrumental and non-instrumental premises for the Group leased or rented out), consulting services, and participation in tax consolidation. None of them are of particular economic or strategic importance to the Group, since receivables, payables, revenue, and expense from related parties do not have a material percentage impact on the total amounts of the financial statements.

Pursuant to Article 5, paragraph 8, of the CONSOB Regulations, it should be noted that, over the period 01.01.2026 - 30.06.2026, the Company's Board of Directors did not approve any transaction of greater significance, as set out by Article 3, paragraph 1, letter b) of the CONSOB Regulations, or any related-party transactions of a lesser significance that had a material impact on the Group's equity position or results.

(Romano Volta)

The background is a solid dark blue. It is decorated with a network of thin, light blue lines that form various geometric shapes and paths. These lines often turn at right angles, creating a sense of movement and structure. Scattered throughout the composition are small, solid-colored shapes: circles, squares, and diamonds, in shades of light blue and white. Some of these shapes are placed at the intersections or endpoints of the lines, while others are isolated. The overall effect is a modern, minimalist, and technical aesthetic.

ANNEX 1

Certification of the Consolidated Half-Year Financial Report pursuant to Article 81-ter of CONSOB Regulation no. 11971 of May 14, 1999 as subsequently amended and supplemented

1. The undersigned Valentina Volta, as CEO, and Alessandro D'Aniello, as Manager responsible for the preparation of the financial reports of Datalogic S.p.A., certify, also taking account of the provisions of Article 154-bis, paragraphs 3 and 4, of Legislative Decree no. 58 of February 24, 1998:
 - the adequacy of the characteristics of the Company and
 - the effective application of the administration and accounting procedures for the preparation of the Consolidated Half-Year Financial Report in the first half of 2026.
2. The assessment of the adequacy of the administrative and accounting procedures for the preparation of the Consolidated Half-Year Financial Report at June 30, 2026 was based on a specific process defined by Datalogic S.p.A. consistent with the Internal Control – Integrated Framework model issued by the Committee of Sponsoring Organizations of the Treadway Commission, which groups together a set of general principles of reference generally accepted at the international level.
3. Moreover, the following is certified:
 - 3.1 The Consolidated Half-Year Financial Report:
 - a) was prepared in accordance with the International Financial Reporting Standards endorsed by the European Union pursuant to EC Regulation no. 1606/2002 of the European Parliament and Council of July 19, 2002;
 - b) corresponds to the books and accounting records;
 - c) provides a true and fair view of the financial position, the results of operations and the cash flows of the Issuer and of the companies included in the consolidation scope.
 - 3.2 The Consolidated Half-Year Financial Report contains a reliable analysis of all the significant events that took place in the first half of the year and their relevant effect, together with a description of the main risks and uncertainties for the second half of the year. The Consolidated Half-Year Financial Report also includes a reliable analysis of the significant transactions with related parties.
