

DATALOGIC AUTOMATION, ACCU-SORT SYSTEMS AND PPT VISION HAVE COME TOGETHER TO OPERATE AS A SINGLE ENTITY

To Our Valued Customers,

Beginning today, Datalogic Automation, Accu-Sort Systems and PPT Vision have come together to operate as a single entity worldwide. Together, we come closer to our vision to create one world-class provider of products and solutions for traceability, inspection and detection in industrial automation. As a single company we are confident that we can become your preferred partner for industrial automation solutions.

By combining our strengths, we are not only creating an industry leading portfolio of products, technologies and solutions, but also empowering a team of talented and skilled professionals to better serve you.

The new organization will operate through four Business Units - each specifically focused on your business needs- to better support the goal of offering you innovative products and technology solutions at the best value.

A new integrated worldwide sales organization has been formed to be more accessible and reactive to your needs. Our customer service and technical support departments have also been enhanced to assure fast and efficient response at all times, all over the world.

On behalf of everyone at Datalogic Automation, Accu-Sort and PPT Vision, we want to thank you for your support over the years and look forward to extending our close business relationship with you in the future. Our team will be contacting you shortly to answer any questions you may have.

Our continued mission has not changed; your business is our priority, always.

Sincerely,

Gian Paolo Fedrigo

CEO – Datalogic Automation
