

DATALOGIC SRL ACHIEVED THE CERTIFICATION ISO 9001: 2015 QUALITY - DATALOGIC

Datalogic Srl has successfully achieved the certification related to the new ISO 9001:2015 Quality Management System standard.

ISO 9001 enhances an organization's ability to satisfy its customers and provides a coherent foundation for growth.

The 2015 edition features important changes by combining the process approach with risk-based thinking.

This new revision of the standard reflects Datalogic values and leadership approach and it shows our commitment to:

- uphold the highest standards of Products/Services Quality;
- advocate our transparency toward clients.
