

Datalogic Loyalty Program

We are pleased to present you the Datalogic Loyalty Program!

Our loyalty program has been designed to **reward our partners/resellers** to improve our continued business. By purchasing selected HHS and FRS products through a Datalogic Authorized Distributor, Datalogic partners/resellers companies will automatically earn **Datalogic Points**, which can be redeemed for a wide range of attractive rewards.

➤ How to join

Getting started is simple, the partner/ reseller just have to:

1. Visit www.loyalty.datalogic.com
2. Complete the online registration form.
3. Once the registration has been reviewed and approved, they will receive an email with instructions to activate their account.

After activation, they can immediately start participating in the program.

➤ Important

Please note that **only one account per company is allowed**.

Each company has to nominate one representative to register for the program.

This person will act as the company administrator and will be responsible for:

- Managing the company's loyalty account
- Monitoring the Datalogic Points balance
- Redeeming points for rewards
- Placing gift orders on behalf of the company

➤ How the Datalogic Loyalty Program works

Participating is easy. Datalogic partners/resellers purchase selected HHS and FRS products through a Datalogic Authorized Distributor and their company will automatically earn Datalogic Points for qualifying purchases.

The earned Datalogic Points are uploaded to reseller account once a month, in the second half of each month. Whenever new points have been added, the registered account administrator will receive an email notification.

Datalogic partners /resellers can log in to their account at any time to view their points balance, browse the rewards catalogue, place gift orders, and stay up to date with the latest program information.
